Dedication

JOHN MICHAEL O'LAYER

Such a little space of time
That we could get to know him,
And still all these memories
To remind us all of the sweet fellow
Student we all loved and admired.
And then . . .
There was someone laying so still,
Someone they called . . . John.
The heavy incense of flowers,
The long periods of silence,
And a sob or two . . .
And the lingering thoughts . . .
Thoughts that conjure up sharp pictures,
Too vivid pictures!
John yelling himself hoarse
at the basketball games,
Always playing a practical joke on someone,
But then he could always take a joke, too.

John was good . . .
Good for all of us to have known him.
He was such a sweet, kind, and
Courteous boy; a loyal friend to all.
He enriched our lives, with his
Presence. He showed us how to have a
Good time, But yet with more serious
Times.
And they called that someone lying so
Still . . . John.
But John would never lie as still as
That or he would never let people cry
Over him. No! that wasn't John,
Not the John we all knew and loved.
The memory of his friendliness, sweet
Smile, and courtesy will always be
Lingering behind.

This is the Johnny we all want to remember.

Foreword

Have you ever realized what life would be like without BOOKS? The education you now hold would be impossible to obtain. As each generation began, they would have to start from the beginning, for our ancestors could not have passed on their knowledge and experiences so that each future generation might benefit from them.

The education you obtain in high school is one that not only develops your mind but also your body and your spirit. You learn to work not only as an individual but as part of a unit. What you learn or do not learn in high school will have an influence on your entire life.

We hope that you will be able to relive this past year and the years before by turning the pages of this book, THE TOTEM.

Graduates of 1965:

There are strong pressures placed on present day students to make the most of their abilities. Our country is now facing, and for many years to come will face, shortages in all types of trained personnel. It is probable that these shortages will become more serious before they are alleviated. There is no question that educational opportunities should be broadened. Increased facilities for training personnel for all types of specialized occupations are needed. Any philosophy that seeks to limit educational opportunity to a select few will serve to frustrate the needs of our nation and its expanding economy.

My thanks go to the Class of 1965 for the varied contributions you have made to our educational system. I hope your future will be one that is commensurate with your desires.

Because the students are nice and very friendly, Chris has liked it here very much. Also he enjoys our young and energetic teachers very much.

Physics and American history are his favorite subjects. While here, he ate pizza for the first time and found it was a food he liked.

Henk Mulder is from the Netherlands. He is here through Youth for Understanding. The things he likes most about Mohawk are the activities and being able to buy a hot meal for lunch. He likes to eat pizza, hot dogs, and ice cream. His favorite subjects are physics and art.

Henk likes our teachers because they are more like friends. He thinks the students are very friendly and feels he will miss them when he returns home. Henk wishes to thank all the students for their kindness and for all they have done.

Class History

On September 1, 1964, over 170 seniors entered the second and final year of high school education in our new building.

Two welcomed additions to our class were our foreign exchange students Chris Kalembe and Henk Mulder.

At our first class meeting we elected the officers that would lead us through the year. They were: Joyce Samsa, President; Bernie Crespi, Vice President; Ellen Kennedy, Secretary; John Gebhart, Treasurer. Also helping with the task were the members of the Executive Council—Barb McCullough, Linda Leech, Sherry Roberts, Rick Winger, and Dave Dawson.

Miss Matthews, Mr. Liscik, and Mr. A. Pezzuolo were our very capable advisors.

The first activity of the year was our class weiner roast which was successful in getting all of us working together. The gathering was held on the school grounds with everyone circled about the bonfires. Due to rain we were forced inside to the gym, but our spirits were not dampened.

The Halloween Parade found us working on our class float. Although we didn't win a prize, the fun that went along with its construction was worthwhile.

Football season ended with a successful 7-2 record. "Senior Night," our last home game, gave special recognition to our senior players, band members, and cheerleaders. Following football season, we sponsored the annual Football Dance which honored our players. The players elected Donna Grimes and Joe Pepe to reign as King and Queen over the event.

Our Senior Class play, "The Perfect Idiot," was enjoyed by all who attended it. The play, a three act comedy, was presented on December 3 and 4 and was under the able direction of Mr. Fredrick J. Schaefer.

Another success was the traditional Christmas Dance which we hosted on December 19. The cafeteria, beautifully decorated to bring out the Christmas spirit, was the scene of the dance. The music was by Jerry Earle and a floor show was also presented.

School spirit ran high as was evident in the cheering sections during basketball season. Our first year in Section 14 proved highly successful as our team captured the section crown. Pride in the team and coaching staff was reflected at the victory assembly on February 22. The boys went on to tournament play in Pittsburgh.

Everyone had a good time at our second class party held on February 27. A brief program in the auditorium was followed by basketball, volleyball, etc. The evening was topped off with the serving of refreshments in the cafeteria.

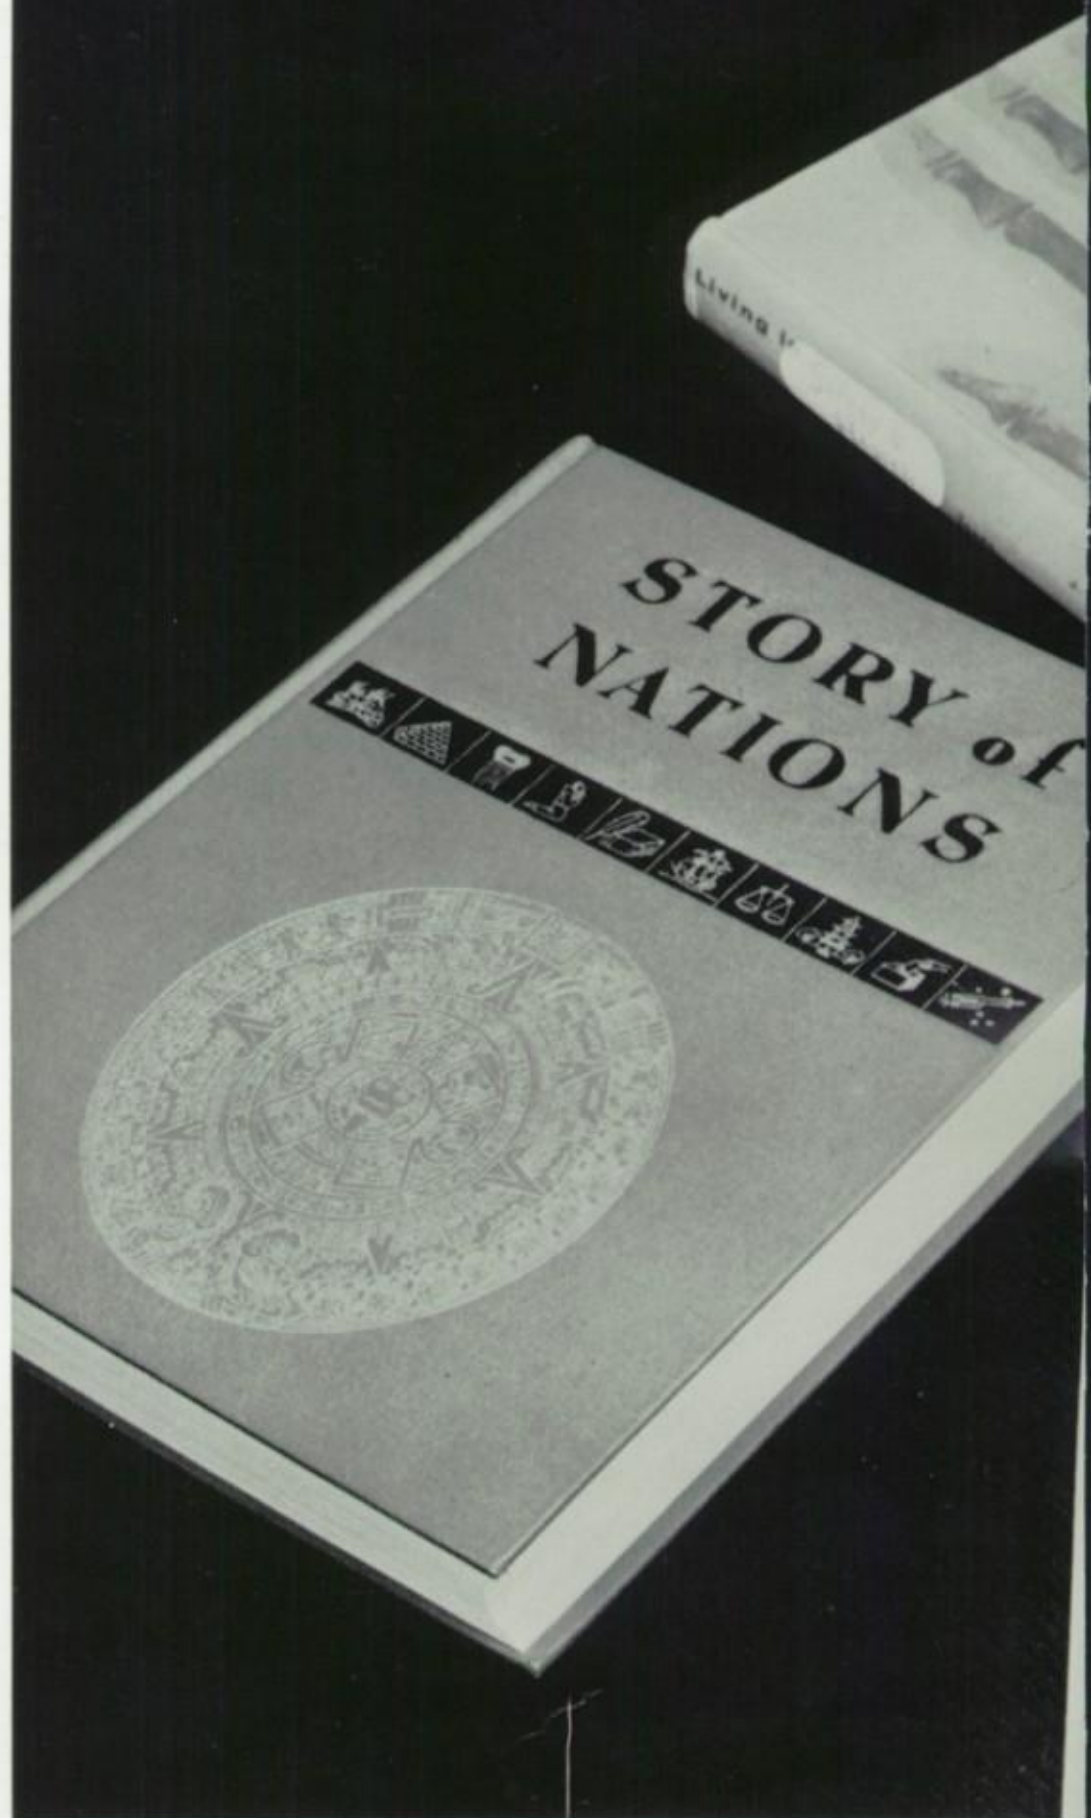

Mohawk was proud to host the annual Science Fair. Many area schools were represented and Mohawk made its usual good showing.

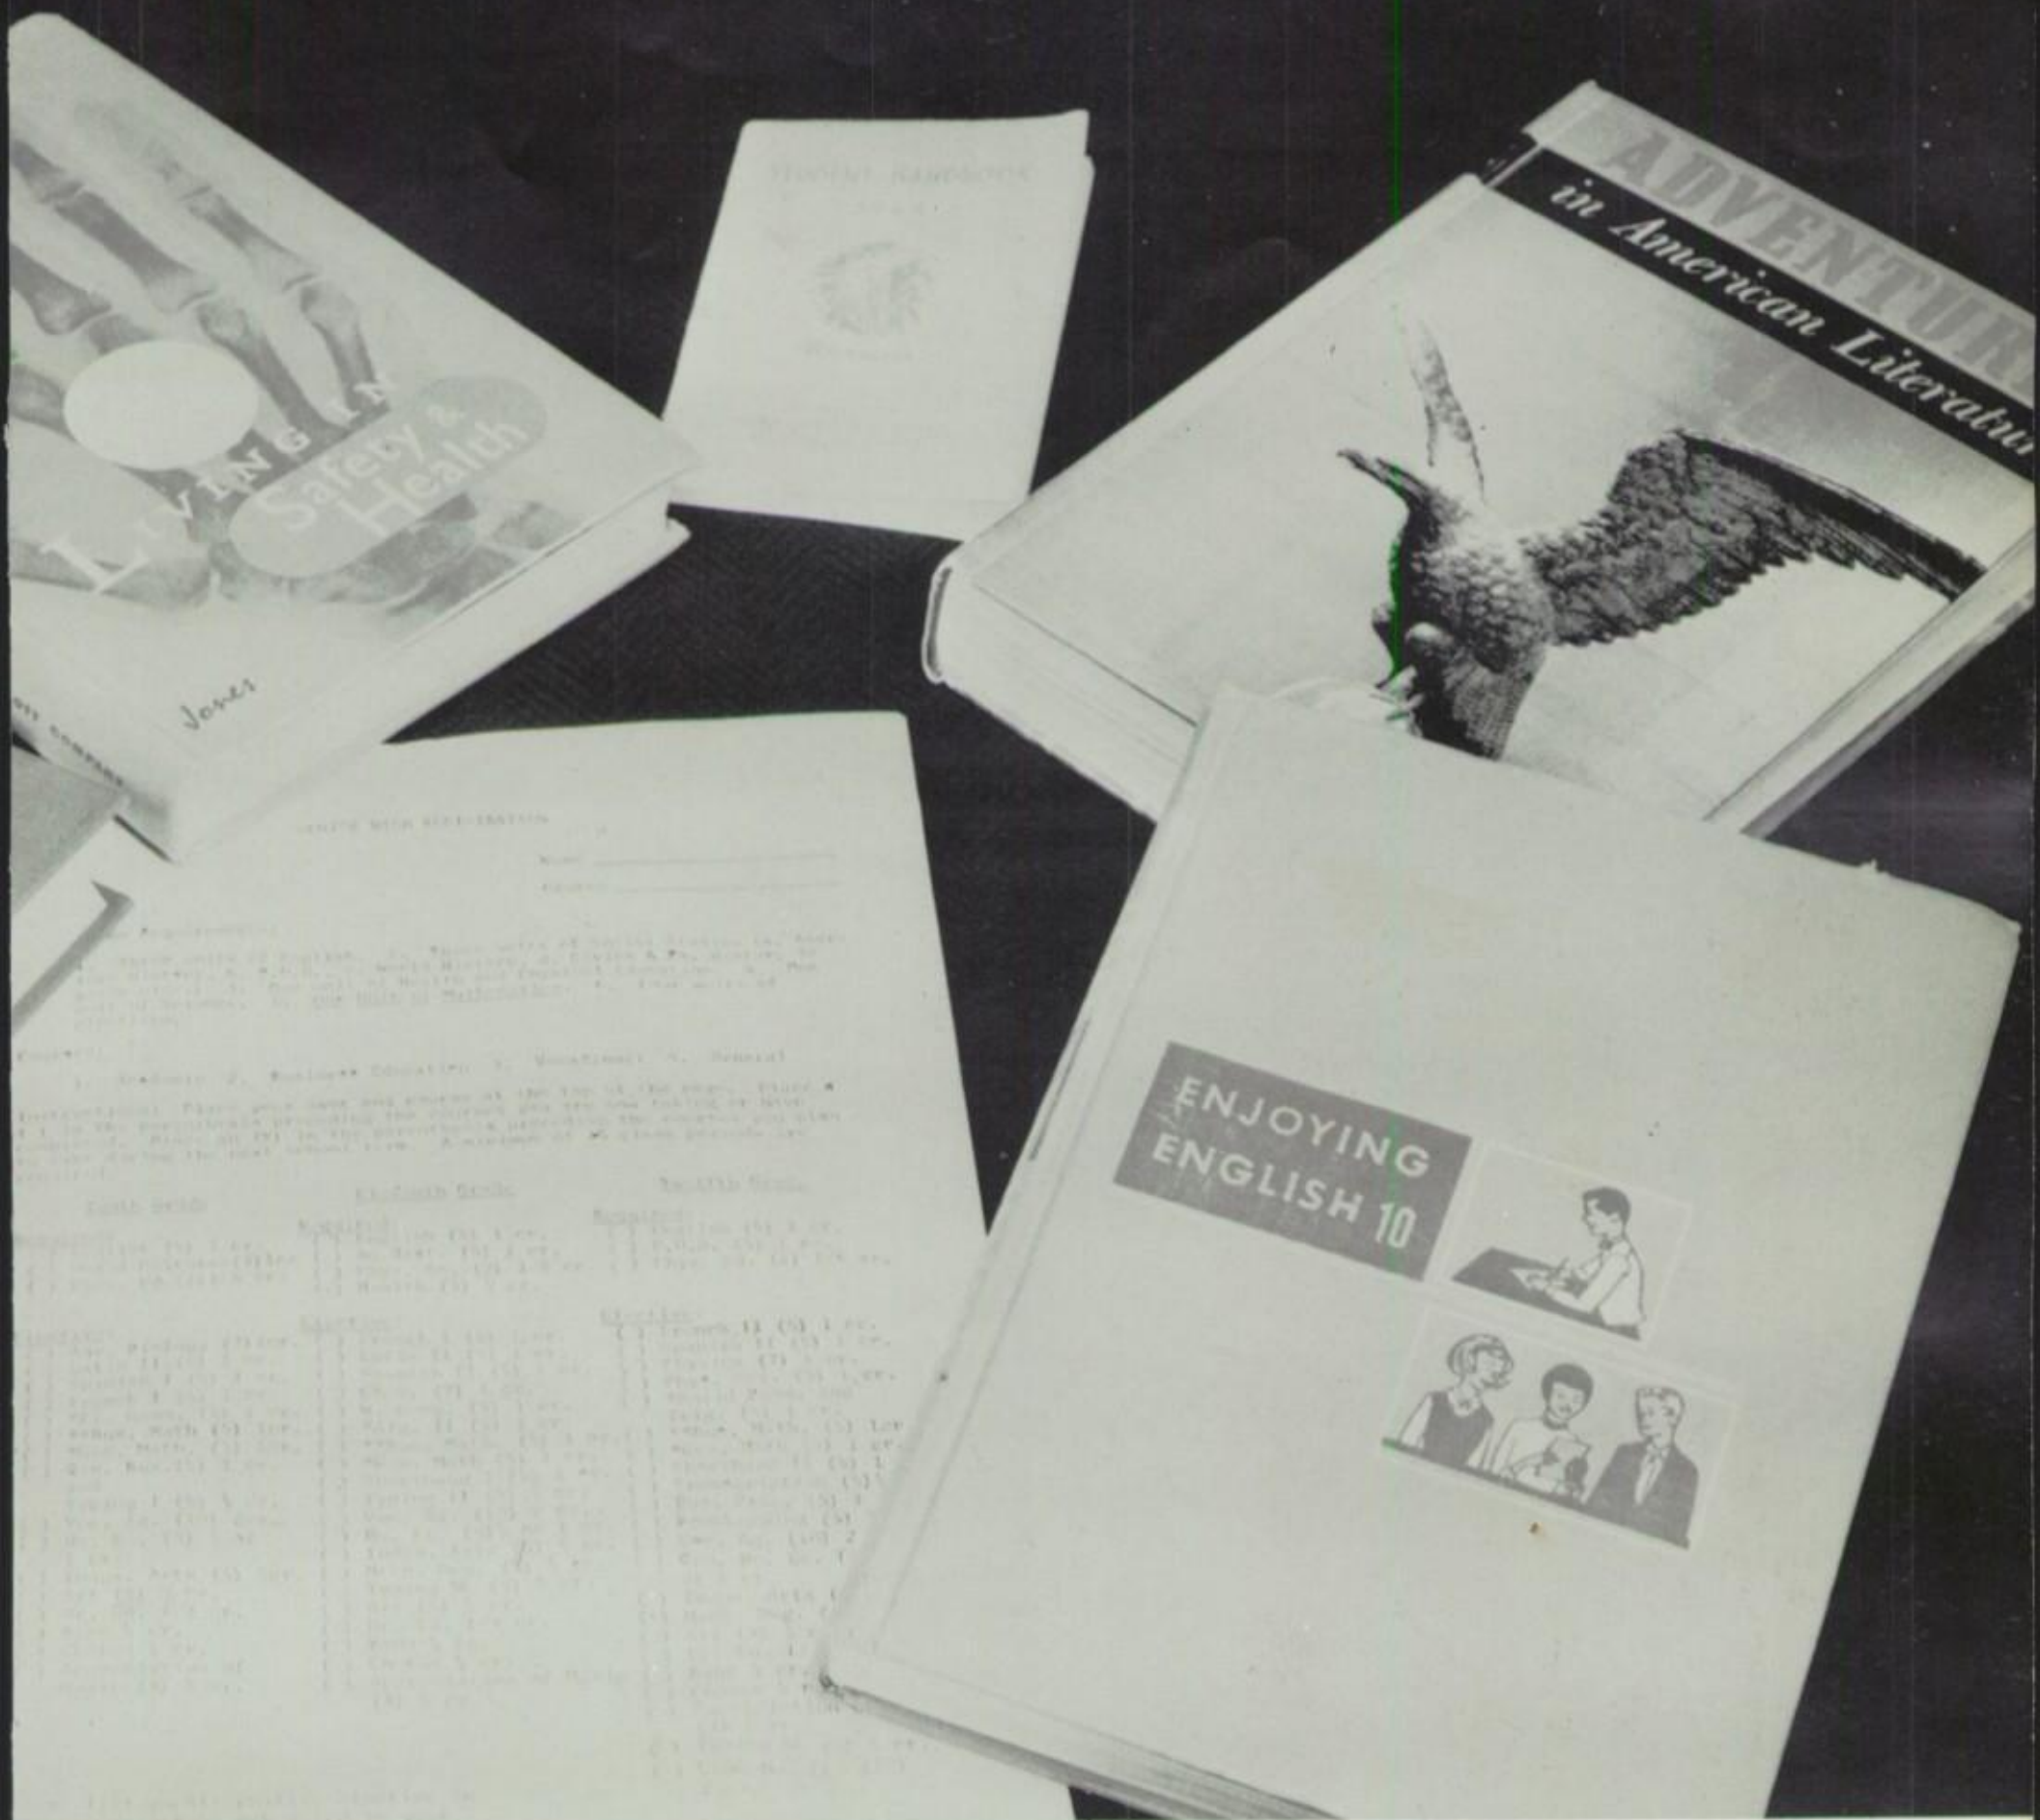

One of the most memorable events of the year was the 1965 Junior-Senior Prom. "Stairway to the Stars" was chosen by the Junior Class as the theme.

Baccalaureate services were on May 30.

Our class attended its last social activity on May 31 with the Senior Dinner Dance. It was held at the Croation Club in Bessemer where a dinner was served. On June 1, 1965, the most solemn of all high school events was held—commencement.

The final chapter of our high school education has been written and as the doors close behind us, we leave Mohawk High School, but the memories of joys and sorrows shared, remain.

On December 3rd and 4th, 1964, the Senior Class successfully presented "The Perfect Idiot."

Dan, the boy genius, consents to help Puff pass and become eligible for sports. While attempting to do this he mistakenly hypnotizes Mr. Latherby, the sponsor of Dan's program into thinking he's a rabbit, and then loses his chance to go to college. Having done that he then loses Linda, his girl. He somehow manages to save his friends from being expelled from school, gets a perfect zero on an I.Q. test, and keeps everyone who knows him from a seizure of collapse.

The play was directed by Mr. Fred Schaefer.

I tell you I can hypnotize Puff into passing, and what's more I'll prove it.

Are you crazy? Is everyone crazy?

"You can't reason with him, he's a hypothyroid."

Christmas

The Senior Class again hosted the annual Christmas Dance, held on Saturday, December 20, 1964. This year's Santa Claus was Mr. Schaefer. Everyone agreed that the dance was a success.

Dance

Sir! Would you please use the chimney?

The setting of the story is springtime in New England in the late 1800's. Billy and Julie meet at the carnival where he is a barker. They fall in love and later marry, much to the dismay of jealous Mrs. Mullins, the owner. Carrie, her best friend, is soon to marry Enoch Snow, a fisherman, but these plans are hampered by Jigger Craigin, a masher. Jigger tells Billy of a scheme to get some money in a hurry. He plans to rob Mr. Bascombe, owner of the town's knitting mill, after the traditional clambake. Billy doesn't want to but when he finds out Julie is going to have a baby he decides to go through with it. During the robbery Jigger gets away but Billy commits suicide so as not to go to jail. Julie then goes to live with Aunt Nettie, boisterous and a friend to all. During his lifetime Billy has never told Julie that he loves her. In heaven he is given the chance to return to earth for a day to do one good thing. By this time it is Louise's, Billy's daughter, graduation. At the ceremony he tells his daughter that he cares for her and to Julie, that he has always loved her. With this he returns to heaven to enter the pearly gates.

ORGANIZATIONS

Student Council

The governmental body of Mohawk High School, the Student Council, flourished this year under the able guidance of Mr. Samsa, and student president Bernie Crespi. The council is responsible for many of the fine and new changes that have come about through the years at Mohawk. This year it conducted a successful coat and hat check at basketball games. Confusion in many of the everyday areas of life at Mohawk, such as the cafeteria situation, has been straightened out through many council conferences and individual student action. The up coming sweat-shirt sale is a non-profit making project that is handled by the student council for the benefit of the students. The Student Council is made up of members elected by their homerooms.

Library Staff

The Library Staff, under the direction of our able librarian, Mrs. Keil, is made up of ninth through twelfth graders chosen by the librarian, the English teachers, and the office staff. They were chosen for this privilege for, among other things, their high citizenship rating and their willingness to do tasks assigned them. The work-experience opportunities which the library offers and the challenge which it extends to young people is invaluable to the student.

SEATED: Ellen Kennedy, Dorothy Rachic, Barbara McCullough, Jerry Kern, and John Gebhart. STANDING: Nancy Matheny, Mary Ann McClelland, Patty Wright, Stephanie Parrott, Betty Cowher, Bob Gallo, and Jim Stewart.

National Honor Society

The Mohawk Chapter of the National Honor Society was established in 1962. The purpose of the organization is to recognize those students who have excelled in the following areas: scholarship, leadership, character, and service.

This year's officers are as follows:

<i>President</i>	Jerry Kern
<i>Vice President</i>	Barb McCullough
<i>Recording Secretary</i>	Ellen Kennedy
<i>Corresponding Secretary</i>	Dorothy Rachic
<i>Treasurer</i>	John Gebhart

On February 18, the fourth induction ceremony was held. The main speaker was Mr. Herbert from Erie, Pa. At this time, 22 new members were inducted into the society. The following are these new members:

Future Teachers of America

Because teaching is a highly specialized profession, requiring adequate and extensive preparation, and offering expanding, vital, demanding, and rewarding service, the Future Teachers of America Club acts as a guiding organization to help young people decide whether they should consider it as a career.

The executive staff for 1964-65 consists of:

<i>President</i>	Betty Cowher
<i>Vice President</i>	Linda Harding
<i>Secretary</i>	Judy McCullough
<i>Treasurer</i>	Karen Gorgas
<i>Librarian</i>	Linda Walker
<i>Parliamentarian</i>	Don Dougherty
<i>Historian</i>	Carol Giesecke
The co-advisors are Mrs. Marino and Mr. Lees.	

A number of field trips to the various college campuses, observation of teachers and classes in the county schools, and aiding in many of the school programs are a few of the various activities in which the Future Teachers participate.

Future Business Leaders of America

The Future Business Leaders of America, a club added to Mohawk's extracurricular program last year, is open to anyone enrolled in subjects of the business field.

Miss Farina and Miss Crawford are the club's sponsors. The 1964-65 officers are as follows:

<i>President</i>	Shirley McCurdy
<i>Vice President</i>	Diane Taylor
<i>Secretary</i>	Bette Witherspoon
<i>Treasurer</i>	Tressa Tutino
<i>Reporter</i>	Kathy Shumaker

Meetings and projects are designed to carry out the national purposes of service, education, and progress. By providing individual opportunities to develop initiative, dependability, and the traits which businessmen require of their employees, the F.B.L.A. carries out the ideas of education and progress. By providing a stenographic pool for teachers, a banking program for students, and a school store, the Warriors Trading Post, for both teachers and students, the club carries out the idea of service.

Future Nurses Club

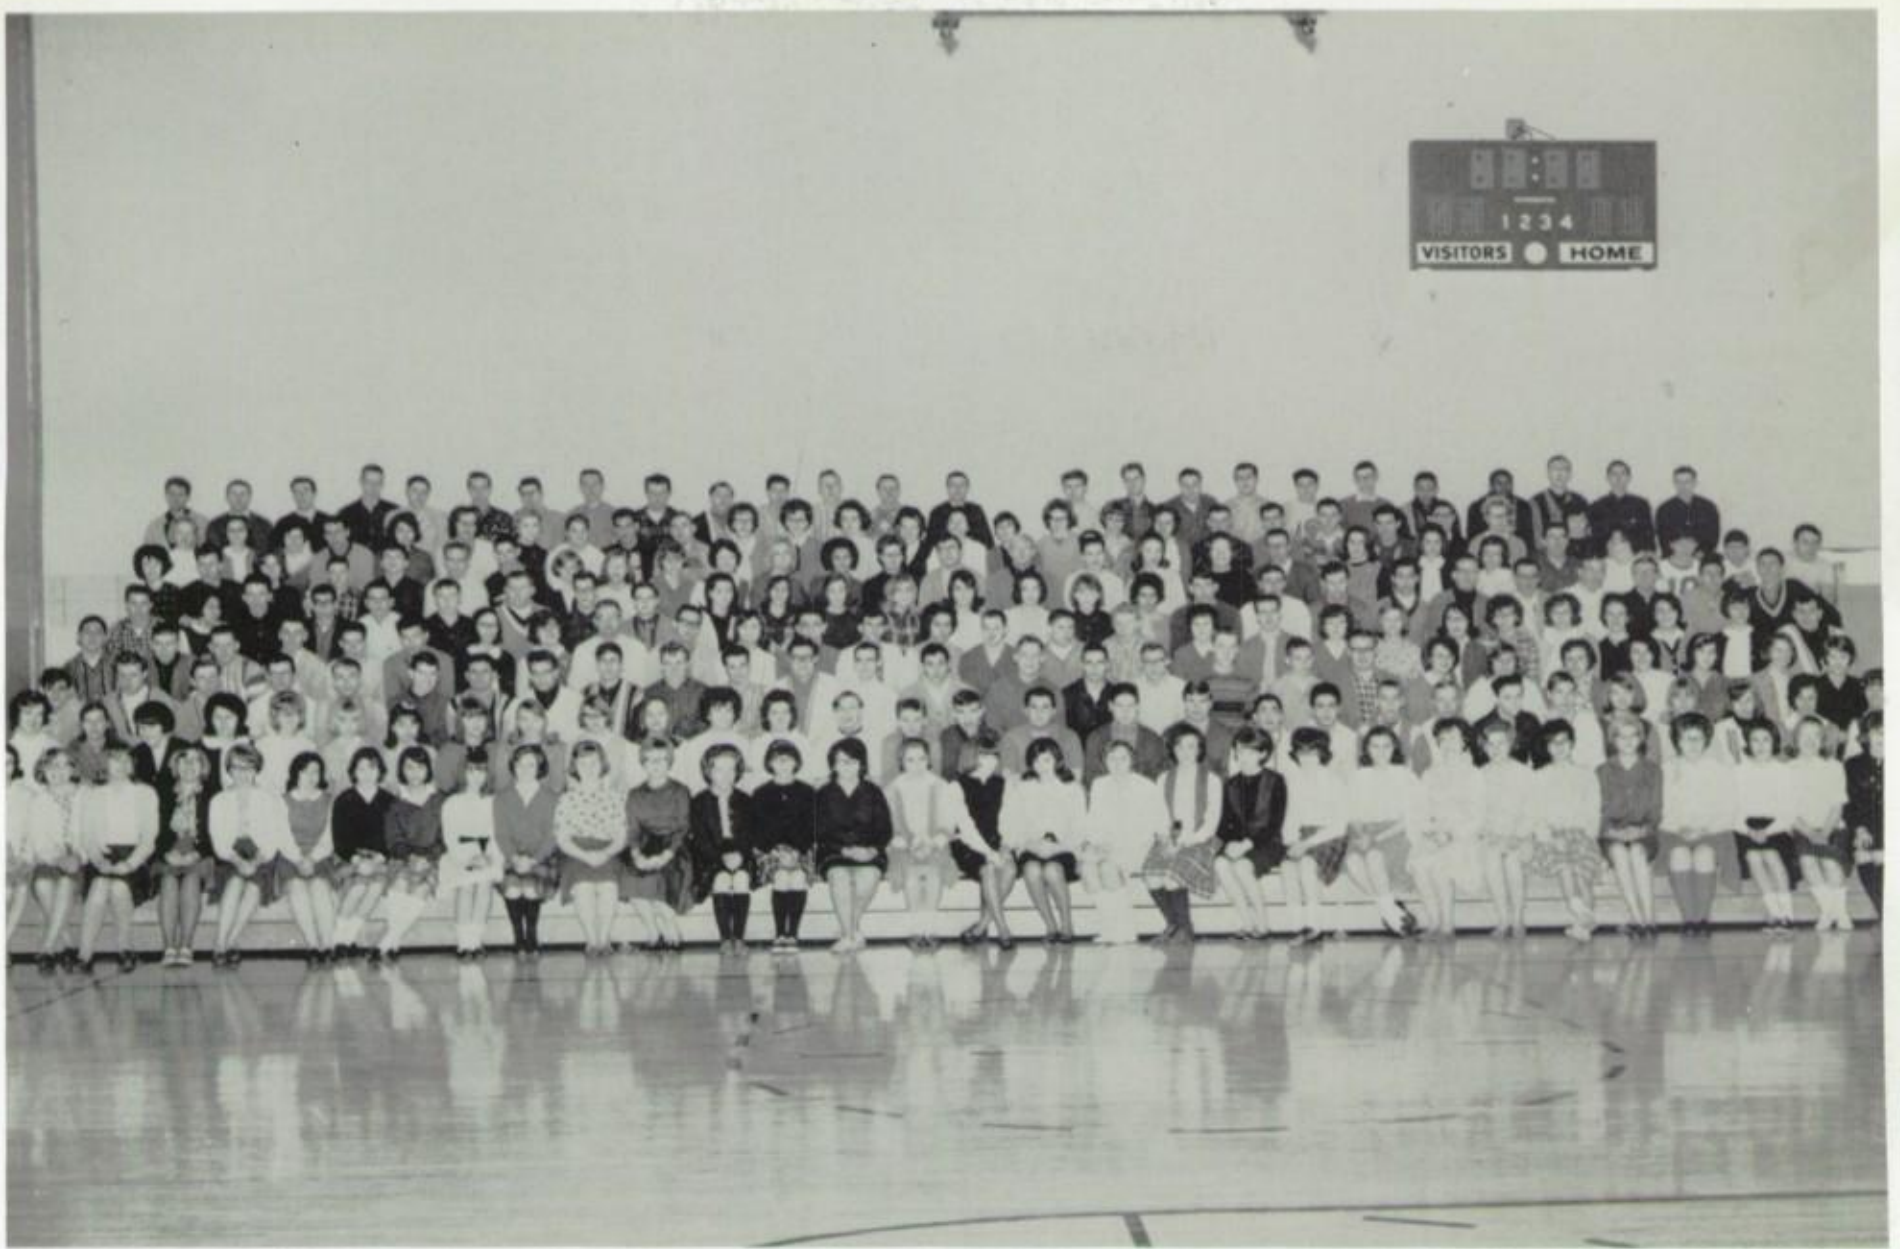

The purpose of the Future Nurses Club is to bring together in high school young people who are interested in careers in nursing and health.

Some of our activities are as follows: an initiation, a trip to a Youngstown hospital, sewing cancer bandages, and making Christmas projects for children in the hospital.

The officers are: President, Shirley Walker; Vice President, Helen Hill; Secretary, Carol Hodge; Treasurer, Amy Lamb.

Pep Club

Pep Club, one of our largest student organizations, works toward the goals of increasing school spirit, and promoting attendance at athletic events. Activities of the Club include, pep assemblies before games, publicizing our athletic events, and sponsoring dances after the games.

This year's officers include:

<i>President</i>	Bonnie Tindall
<i>Senior Vice President</i>	Bernie Crespy
<i>Junior Vice President</i>	Anita Carothers

Junior High Band and Chorus

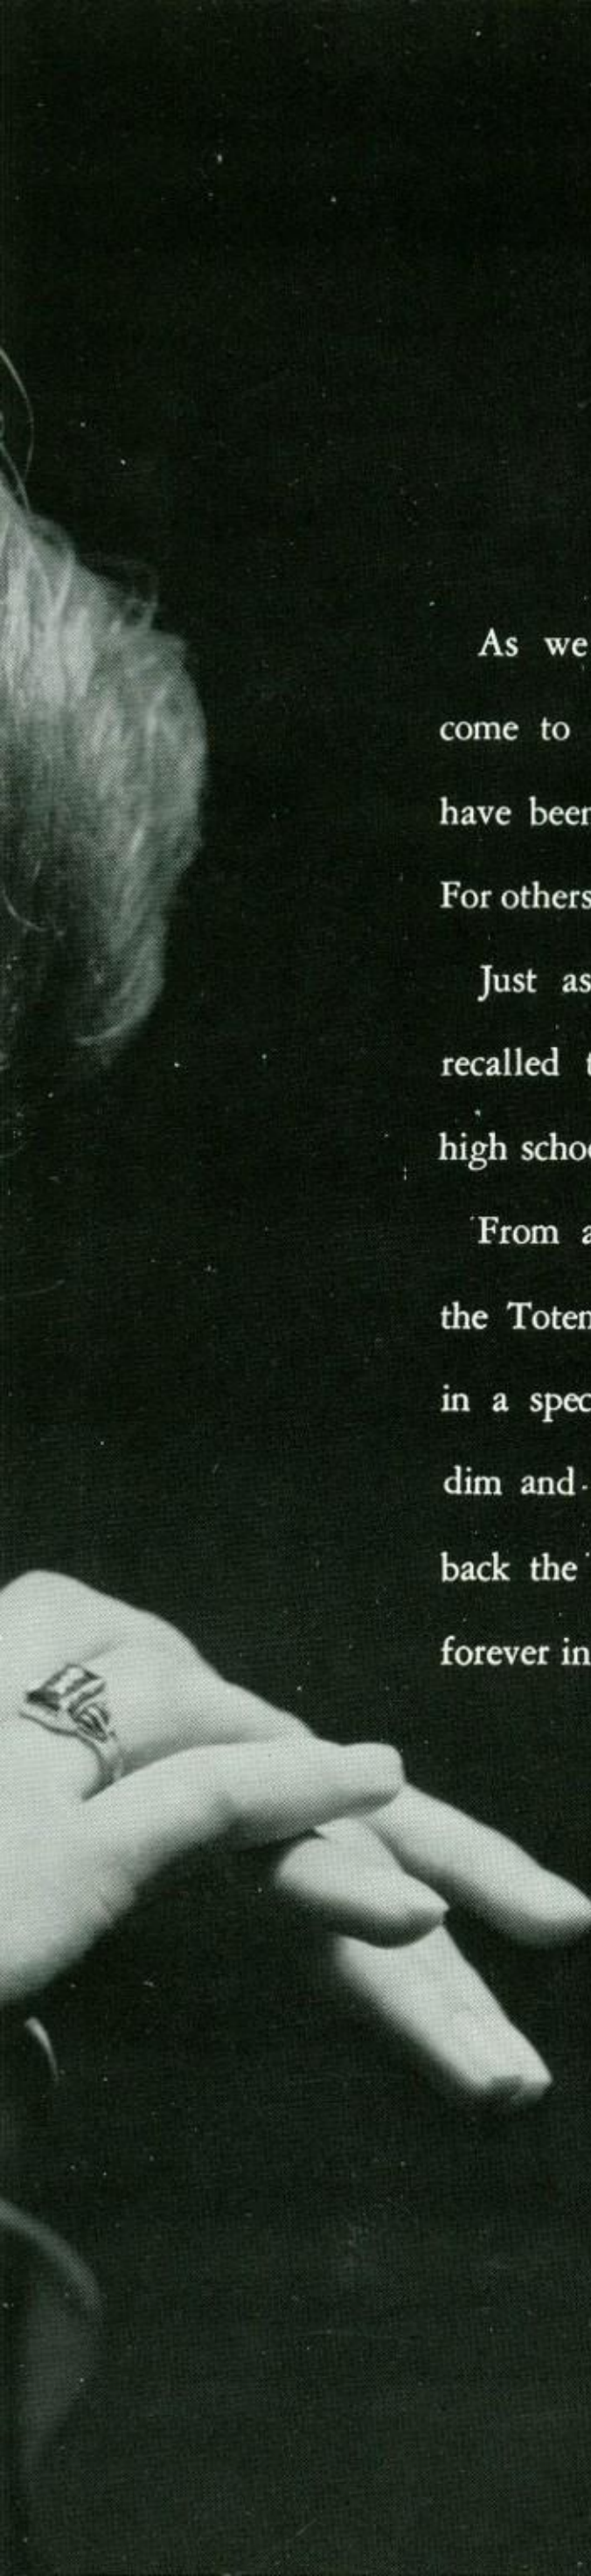

The Junior High Chorus, under the direction of Mr. Mildon, follows the record and tradition of excellent choral music which Mohawk has.

The Junior High Band, directed by Mr. Marino, works together hard to bring the area fine instrumental music.

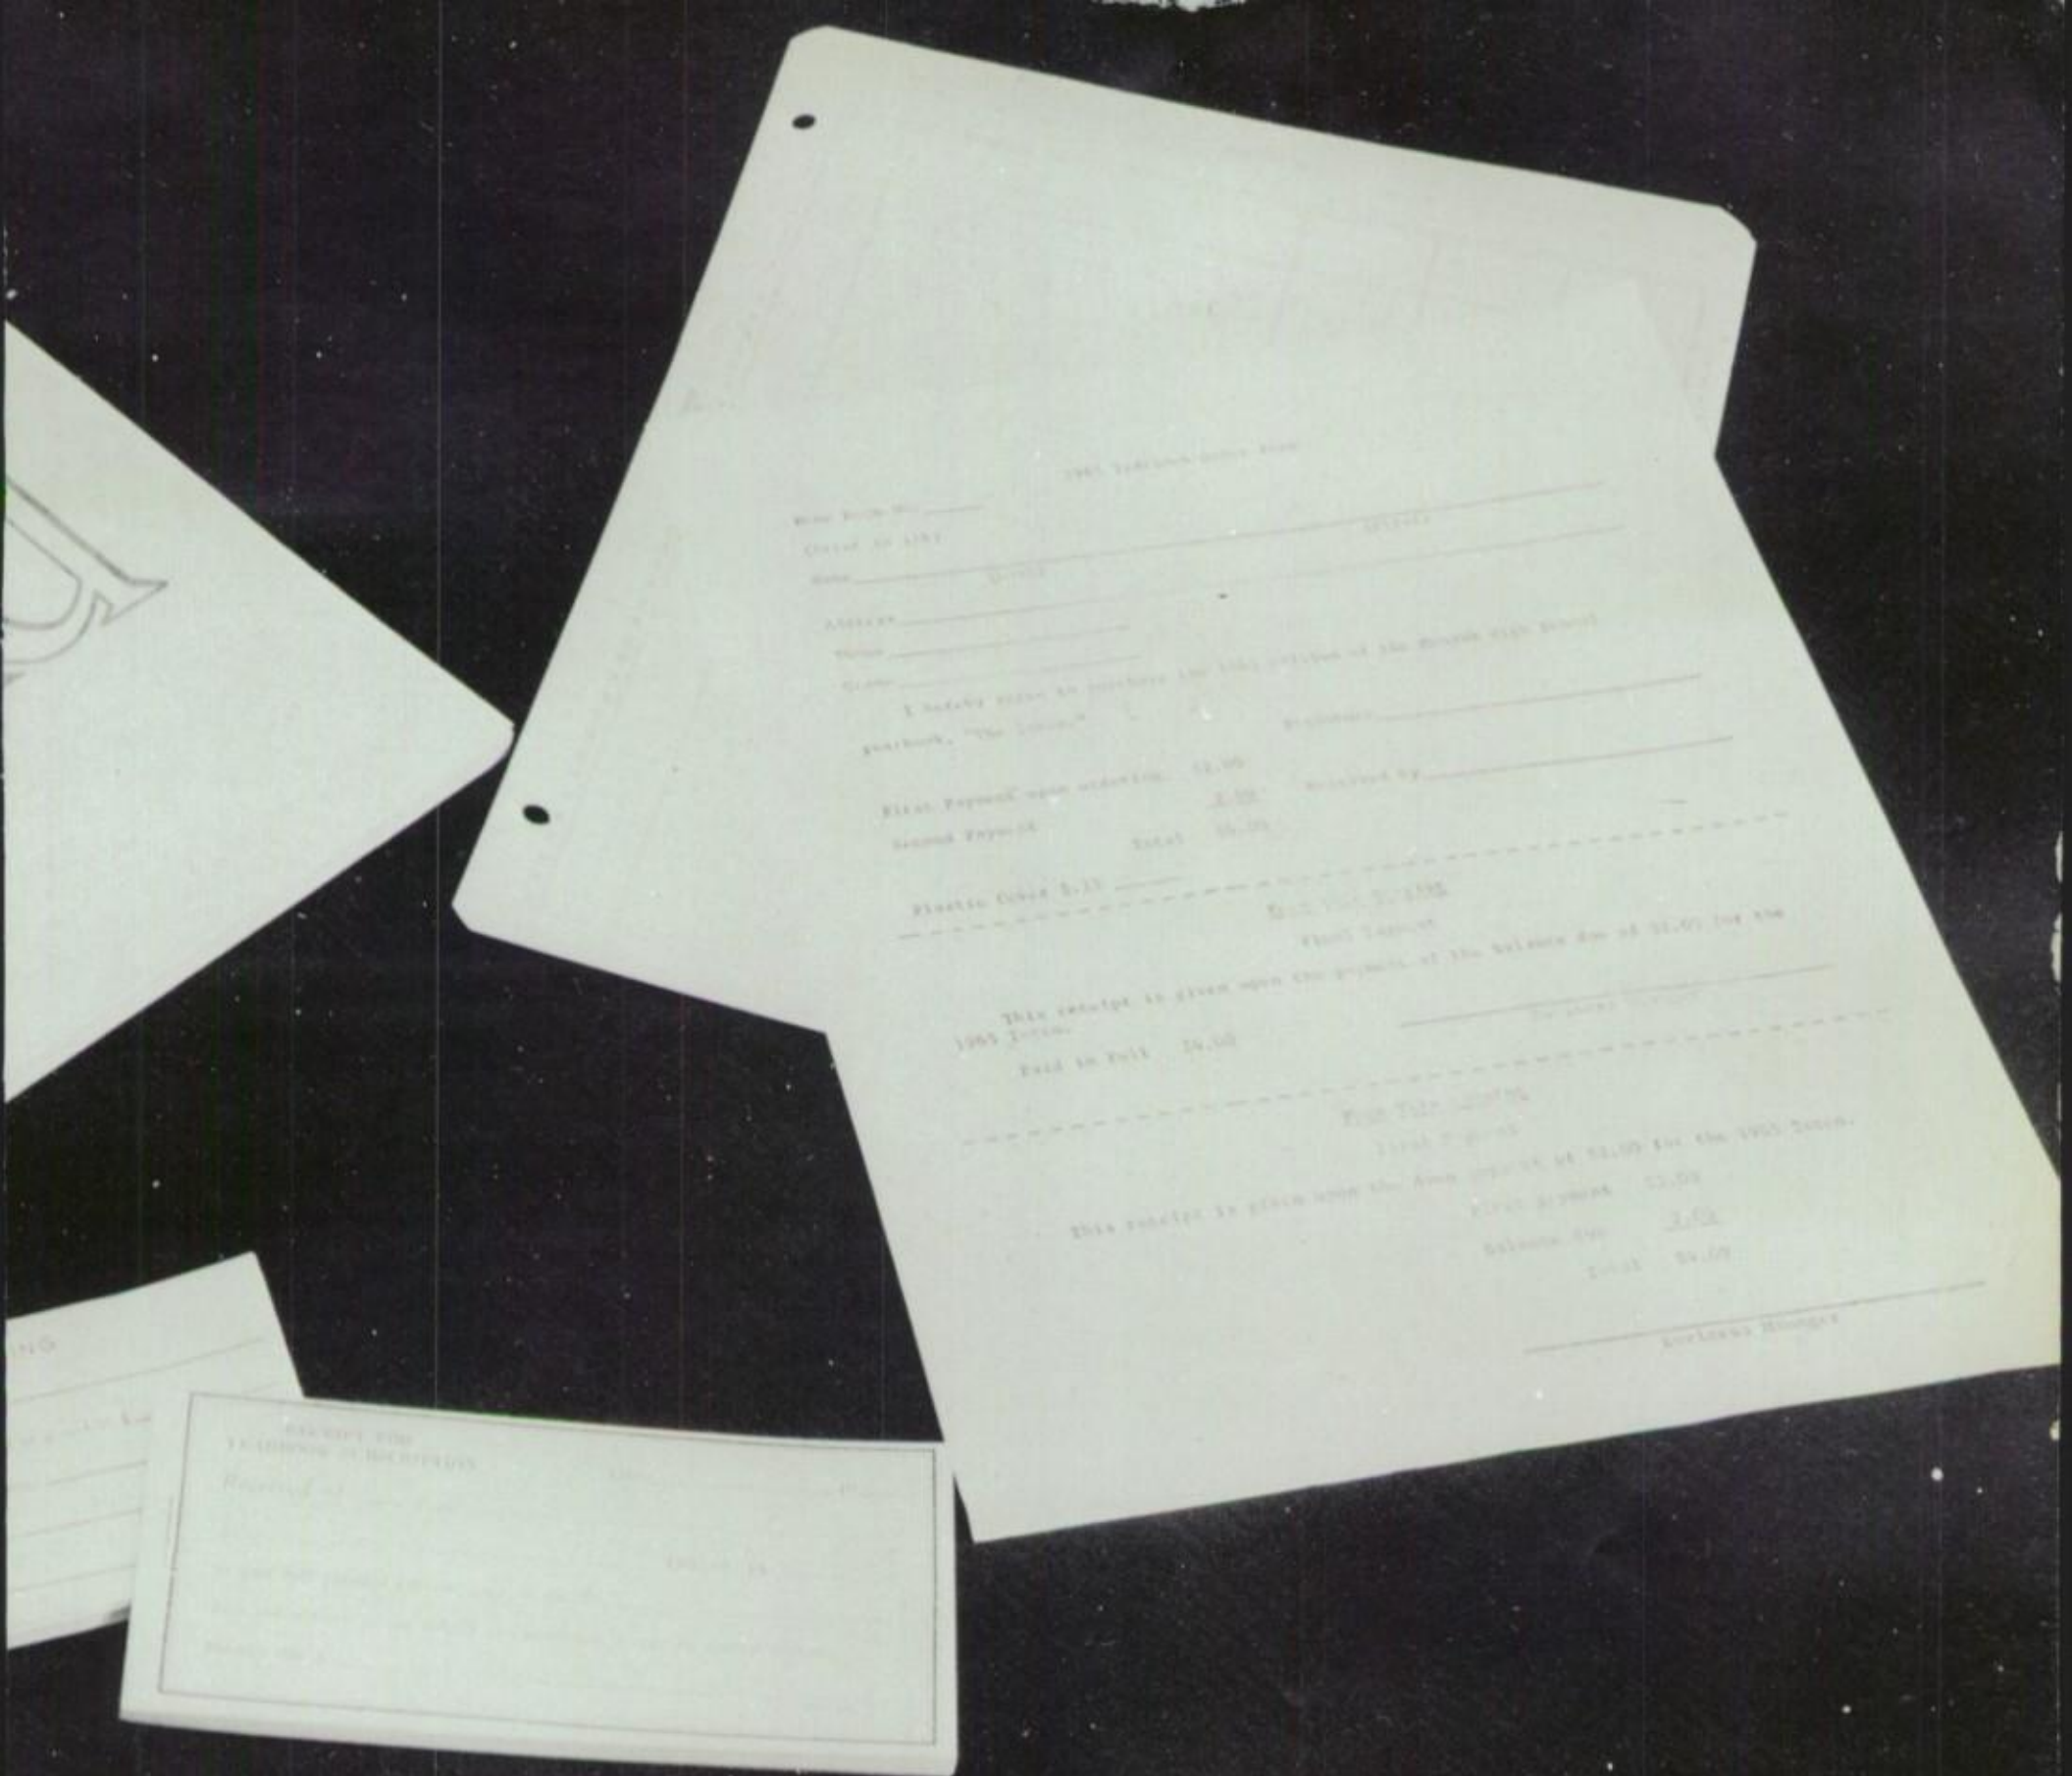

FAREWELL

As we have come to the end of this book, we have come to the end of our high school life. For some, these have been the best years of our life and will be cherished. For others, the best years remain to come.

Just as a good book will linger in your mind and be recalled to you many years from now, so too will your high school education.

From a tangled mass of plans, pictures, and names, we, the Totem staff, have sought to build a book which would in a special way reflect Mohawk 1965. As the halls grow dim and the classrooms quiet, we hope this book will bring back the memories of this year and hold this living school forever in your memory.

PRECIOUS STONES

Since 1894 limestone from our quarries has helped to make the steel industry what it is today. Limestone has played a prominent role in the construction of highways, and skyscrapers. Agriculturally it has helped to produce better and more abundant crops for the many farmers in our area.

As an aggregate in the manufacture of concrete building units it has helped to establish this business as a vital force in the construction industry.

We think this proves that some stones don't have to be expensive to be valuable.
